Below are simple instructions of what we need from you in order to make it a success:

1. Email any pictures you have of your overall design concept and what the florist will be providing for your event.

Rentals you have secured- (chargers, pipe and drape, chivaris, etc)

linen color (color swatch)-

descriptive overall design words for your event-

Would you like a clear cellophane bag, muslin drawstring, or white candy take out box for your guest's (couple) sweet favors?

Will you be providing a sticker/tag to go on each favor container? (for us to apply them it is .15 cents extra per label) Please ship to us 2 weeks ahead of time.

SEE NEXT PAGE

2. Pick your top twelve candy choices in matter of importance and list belowdepending on your budget and what you choose we will choose a variation of at least 6 or more and may add a few of our own choices to make it a well rounded station. If you are not sure what some of them are please send us a separate email with your questions. Based on different consumption rates at different events it is hard to say exactly how many this will serve. If each person takes a 1/2 pound- It will feed approximately 50 people. If each person takes 1/4 pd then it will feed approx 50 couples or 100 guests. WE really **RECOMMEND YOU GET A 1/2 PD PER** PERSON. want to upgrade, let us know
