Basic Station includes a total of 25 pds of candy- 1/4 pd per person- total of 100 guests or 50 couples at 1/2 pd each

<http://de-lighted.com/sweets.html>

Below are simple instructions of what we need from you in order to make it a success:

1. Email any pictures you have of your overall design concept and what the florist will be providing for your event.

Rentals you have secured- (chargers, pipe and drape, chivaris, etc)

linen color (color swatch)-

descriptive overall design words for your event-

Would you like a clear cellophane bag, muslin drawstring, or white candy take out box for your guest's (couple) sweet favors?

Will you be providing a sticker/tag to go on each favor container? (for us to apply them it is .15 cents extra per label) Please ship to us 2 weeks ahead of time.

SEE NEXT PAGE

2. Pick your top twelve candy choices in order of importance and list below- depending on your budget and what you choose we will choose a variation of at least 6 or more and may add a few of our own choices to make it a well rounded station. If you are not sure what some of them are please send us a separate email with your questions. Based on different consumption rates at different events it is hard to say exactly how many this will serve. If each person takes a 1/2 pound- It will feed approximately 50 people. If each person takes 1/4 pd then it will feed approx 50 couples or 100 guests. **WE really RECOMMEND YOU GET A 1/2 PD PER PERSON.** want to upgrade, let us know
